

Don't forget to color your flat airplane *before* folding.

We can't wait to see what you design!

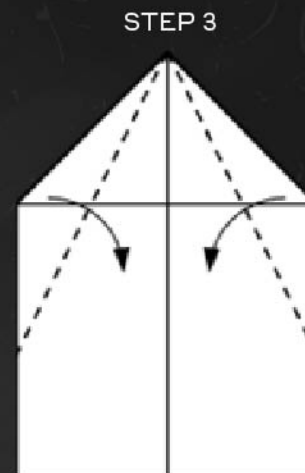

### KEY

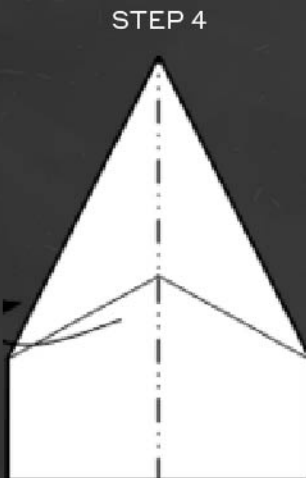

STEP 1  
Fold paper in half along (line 1) and then unfold.

STEP 2  
Blank side face up, fold down upper corners on (line 2) toward center fold line.

STEP 3  
Blank side still face up, fold down new corners on (line 3) toward center fold line.

STEP 4  
Blank side still face up, fold entire piece in half along center fold line (line 1).

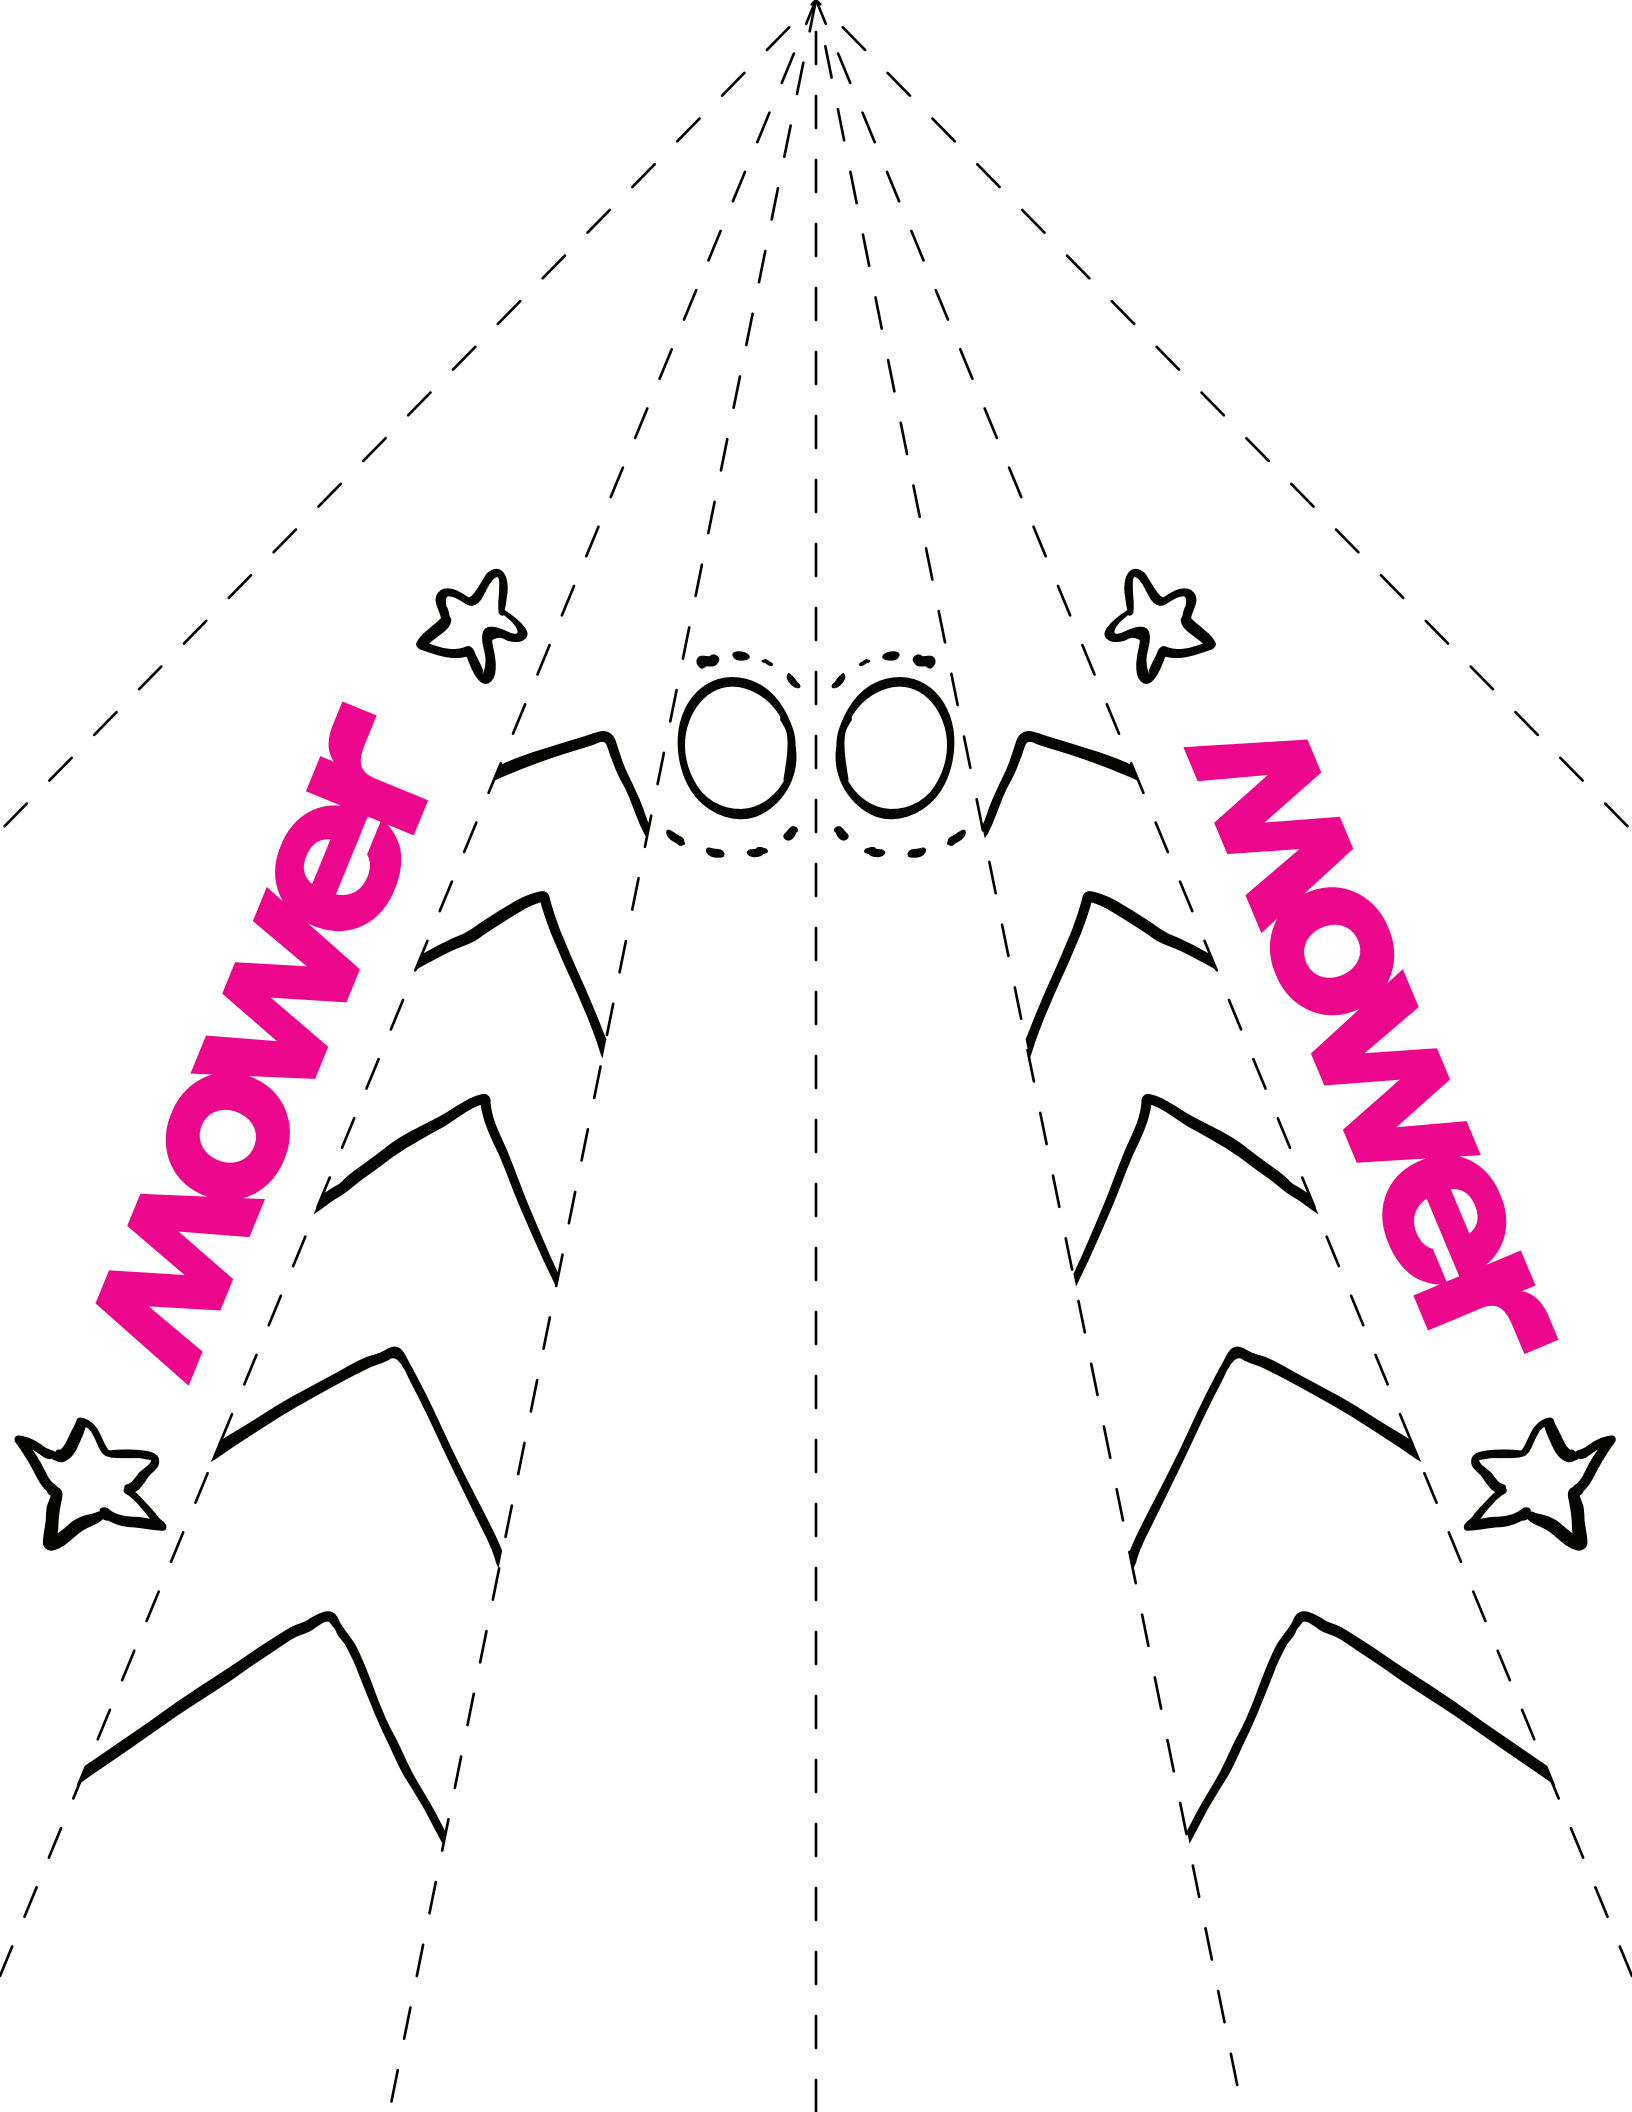

STEP 5  
Fold last outer corner on (line 4) toward your folded flat edge.

STEP 6  
Don't forget to flip over your entire piece and repeat line 4 fold on other side! Folding is now complete!

STEP 7  
Fluff out your folded wings, pinch at the fingerholes shown in the key and fly!
